

## Plan Guidelines

All sauces are suggested. Please consult with me if you would like to use other seasonings.

**Beet carrot salad**- grate 4-5 carrots and 1 small beet. Should make 4 servings- stores well in Tupperware for a week. Please dress with lemon and evoo during the cleanse for best liver gall bladder health

**Spices:** Please include these good digestive/anti-inflammatory spices whenever you would like. You can try most salt-free blends as long as they don't have paprika or licorice

- Basil, black pepper, cardamom, cayenne, cinnamon, cumin, ginger, thyme, oregano, mint, rosemary, turmeric, herbes de Provence, sea salt, tarragon
- Herbs that are tests are parsley and cilantro

**Portions-** *Unless portions are noted please eat until you are full*

- Goat's cheese: 1 oz
- Nuts & Seeds: unless noted is a handful, which is roughly 1 oz

**Carrot ginger soup**- our anti-inflammatory soup and freezes very well- please consult with your nutritionist on when it's best to use. Carrot soup does best when you have a protein rich breakfast like flax or eggs.

**Dessert- chocolate** is 1oz and please make sure it's below 65% and soy lecithin free- good brands are Whole Foods 365, Theo and Alter Eco.

**Butter**- you can add it when it says evoo but please do not sauté with butter unless you use a low heat. Please limit to 1 tbsp a day. Do not have during the cleanse except in the cream of broccoli soup. If you use 1 tbsp of butter use one tbsp less of evoo.

**EVOO**- You should be consuming 3-5 tbsp of extra virgin olive oil a day. **Why is evoo so important?** The brain is 60% fat so we need good fats for cognitive functioning; our cell walls have a phospholipid barrier for immune function- evoo is an omega 9 so it acts as a catalyst for anti-inflammatory omega 3 (present in your flax, chia and hemp seeds) and fat keeps you full longer!

**Please HYDRATE! Your baseline is half your body weight in ounces - the best way to do this is drink a pint all at once. Please drink water in-between meals, not during as drinking during meals can impair your digestion--If you can leave a 45 window before and after each meal that is ideal. Finish all water 1 hour before dinner and try to finish all water intake by 7:30 or 3-4 hours before bed. Please do not drink over the recommended water amount as this will affect kidney function and will cause water retention.**

## General Protein, Food and Testing Information

*For more information on general plan guidelines please reference the Intro to The Plan*

### Protein Ranges

Breakfast — 10-40 grams of protein (stay at lower end unless you are an athlete)

Lunch — 15-25 grams of protein (stay with 15 unless you are an athlete)

Dinner — 25-60 grams of protein (most women do best with 35-45 grams unless an athlete)

### Dense Food Guidelines

1 dense grain carbohydrate a day MAX (rice or bread)

1 animal protein a day MAX

1 bean a day MAX, every other day

*If you want to try more than one serving of these per day you can plug a larger portion in for a test day!*

### Combination Tests

Combining animal protein, grain or legumes together at the same meal is a test. Example: rice (grain) and chicken (animal protein) or bread (grain) and eggs (animal protein). Coconut Milk and animal proteins are a test. Bread does well with animal proteins except eggs.

### Good Low Reactive Sources of Protein: Aim for 15grams of protein for lunch (unless you are an athlete then it will be up to 25 grams)

**Broccoli**- 5 grams per cup- fine chopped

**Kale** - 6 grams per 2 cups cooked- fine chopped

**Sunflower seeds**- 6 grams per oz (good source of selenium and calcium)

**Pumpkin seeds**- 9 grams per oz (great source of zinc for your immune system!)

**Almonds**- 8 grams per oz

**Goat Cheese**- 6 grams per oz

**Manchego Cheese**- 8 grams per oz

**Chickpeas**- 5 grams per 1/2 cup

**Rice** – 5 grams per 1 cup- this is a test on days when you have animal protein

**Chia**- 5 grams per 2 tbsp (A great source of omega-3's!) but keep to breakfast

**Cream of Broccoli Soup** – 8g per 16oz

**Chicken Kale Soup** – 10g per 16oz

### Tests

Never test until you lose at least .4 Omit the test that day and come back to it later.

### Menus- raw and cooked vegetables

In winter, we always have either a cooked vegetable or a soup with lunch to aid digestion. Dinner always has at least TWO cooked vegetables (at least 2 cups), and a raw veg salad as raw vegetables contain enzymes. In summer, we MAY move to just salads with minimal amounts of cooked vegetables. If you feel that just having a salad makes you feel a little bloated increase the amount of cooked vegetables or add soups back in!

# The Plan

FOOD IS YOUR MEDICINE

## Lettuce

Safe lettuces are baby romaine, boston lettuce, red leaf lettuces, green leaf lettuce, frisee, and small amounts of radicchio. All other lettuces are a HIGH reactive test. Any mixed greens blend that has arugula, watercress, tat soi or spinach is a test. Colder vegetables like Romaine hearts and cucumbers usually cause gas, bloating and weight gain. Please avoid completely in your first 20 days.

## Recipes

### **Flax Granola**

*(makes 2-4 servings)*

1 cup water  
2 cups whole flaxseeds  
1 tbsp agave nectar  
2 tsp ground cinnamon  
1 tsp ground cardamom  
1 tsp pure vanilla extract  
1/2 tsp nutmeg  
1/2 cup raisins

Preheat oven to 275F degrees. Combine water and flaxseeds in a medium bowl and mix well. Let sit for 30 minutes and mix again. Add agave, cinnamon, cardamom, vanilla extract and nutmeg to flaxseeds and mix thoroughly.

Spread granola in a thin layer on a baking sheet and bake for 50 minutes. Reduce oven temperature to 225F degrees. Cut sheet of granola into clusters, flip and bake an additional 30-40 minutes, until thoroughly dry. Add raisins and store in airtight container.

Consume within 2 weeks.

### **Carrot Ginger Soup**

*Recipe makes 5 quarts*

*It can be cut down or many clients love divide into portion out and keep in the freezer!*

1 tbsp ground cinnamon  
1 tbsp ground cumin  
1 tbsp freshly ground black pepper  
1 tsp ground cloves  
1 tsp cardamom  
1/2 tsp turmeric  
1/2 tsp allspice  
7 quarts water

- 5lb carrots, chopped
- 2 large red onions, chopped
- 3 large zucchinis, chopped
- 8 cloves garlic, peeled
- 5 to 6 inches fresh ginger, peeled
- 2 tbsp extra virgin olive oil

Combine Cinnamon, cumin, black pepper, cloves, cardamom, turmeric, and allspice in a dry skillet over medium-low heat and cook, stirring constantly, for 30 seconds. IN a large soup pot, combine water, carrots, onions, zucchini, garlic, ginger, and olive oil; add toasted spices. Bring water to a boil and then let simmer for 45 minutes, until carrots are soft.

Reserve 2 to 4 quarts of the broth for future soup stocks. Transfer remaining soup to a blender in batches and puree.

Note: You can add one 14oz can of full-fat unsweetened coconut milk and 5 to 6 Vietnamese chili peppers while cooking for a creamier, spicier soup!

### **Spicy Coco Sauce**

*This recipe makes 4 to 6 servings (1 1/2 cups); It can either be cut down or frozen for future meals! Many Planners freeze it in ice cube trays for a quick, flavorful solution for vegetable sautés!*

- 3 tbsp extra virgin olive oil
- 1 large onion, chopped fine
- 4 to 5 cloves garlic, minced
- 2-inch piece fresh ginger, peeled and grated (roughly 1 tbsp)
- 2 tsp ground cumin
- 1 tsp ground cinnamon
- 1 tsp freshly ground black pepper
- 1 tsp coriander
- 1/2 tsp allspice
- 1 (14 oz) can full-fat coconut milk
- 4 tbsp Sriracha, or more for extra spice
- 1 tbsp brown sugar
- Optional: 1 lemongrass stalk, cut into 1-inch pieces

In a large saucepan, heat olive oil over medium heat. Add onion and garlic and sauté until they start to turn brown. Add ginger, cumin, cinnamon, pepper, coriander, nutmeg, cardamom, and allspice and sauté for 1 minute at low heat, until spices start to smell fragrant. Add coconut milk, Sriracha, brown sugar, and lemongrass, if desired, stirring for 30 seconds. Reduce heat and simmer, stirring for every 5 minutes, for 15 to 20 minutes, so flavors can fully integrate. Remove lemongrass. Serve immediately or let cool and then freeze.

### **Blueberry Pear Compote**

*(Makes 2-3 servings)*

*No almonds - 10g protein for 2 servings or 7g per 3 servings*

*With almonds - 14g protein for 2 servings or 9g per 3 servings*

1 cup blueberries

1 ripe pear

1-1 ¼ cups water

½ cup chia seeds (20g protein)

⅛ cup almond slivers (8g protein; omit if reactive to almonds)

1 tbsp agave

Cinnamon to taste- suggested ½ tsp can add cardamom, nutmeg, cloves too (all great digestives)

Chop the blueberries and pear and let simmer for 8-10 minutes in a pot of water with cinnamon and agave.

Remove pot from heat and add chia seeds, and stir frequently for 2 minutes. You can serve warm or refrigerate. The compote can also be frozen so feel free to make big batches!

### **Cream of Broccoli Soup**

*Makes 6-8 servings, 8 grams protein per 16oz*

3 tbsp butter (or evoo)

1 large onion chopped

1 tbsp dried sage

1 tsp cumin

½ tsp dried celery seed

2 cups carrot essence or homemade chicken broth (see The Plan Cookbook)

2 cups water

1 can full-fat coconut milk

8 cups broccoli, chopped (about 4 heads of broccoli)

4 cups zucchini, chopped (about 2 medium zucchini)

1 small to medium avocado

1 tbsp Sriracha -optional

Ground black pepper to taste

Sautee onion and spices in 3 tbsp of butter. Add in all ingredients and cook until vegetables are tender, approximately 25-30 minutes.

Add in avocado, blend and serve! For a less creamy soup, add more water.

### ***The Plan Smoothie***

*Makes 1 serving, 10g protein*

1 ripe pear  
½ cup berries  
¼ avocado  
¼ cup chia  
Rice Dream (RD) or Silk Coconut Milk (SCM)  
Option- 1 tsp honey or agave  
Option- vanilla extract or cinnamon

Fill Blender with enough RD or SCM to fill to 16 or 20 oz. Blend. Ice is not recommended if you have thyroid dysfunction.

### ***Roasted Vegetables***

*makes 8 servings*

3 large carrots, sliced  
1 large zucchini, cut into 1/2-inch chunks  
1 red onion, cut into large chunks  
1 head broccoli, cut into 2-inch florets  
4 to 5 cloves garlic, peeled  
3 tbsp evoo  
Fresh or dried Italian herb blend or herbes de Provence, to taste  
Sea salt and black pepper, to taste (omit salt until day 5)

Preheat oven to 375.

In a large bowl, toss vegetables and garlic with oil, herbs and spices. Transfer to large baking sheet and bake for 35 minutes, until browned.

### ***The Plan Hummous***

*20g protein for entire batch*

2 cups drained well-cooked or canned low sodium chickpeas, liquid reserved  
¼ cup extra-virgin olive oil, plus oil for drizzling  
2 cloves garlic, peeled  
Sea Salt and freshly ground black pepper to taste  
1 tbsp. ground cumin, to taste, plus a sprinkling for garnish  
Juice of 1 lemon

Put everything except the parsley in a food processor and begin to process; add the chickpea liquid or water as needed to allow the machine to produce a smooth puree. Taste and adjust the seasoning (you may want to add more lemon juice).

Serve, drizzled with the olive oil and sprinkled with a bit more cumin

### ***Apple Streusel***

*10g protein per cup*

#### ***Streusel Topping***

1 ½ cup almond flour

2 tbsp brown sugar

1 tsp cinnamon

¼ cup unsalted butter, room temp (you can use avocado oil to make it dairy free)

#### ***Apple Filling***

3 apples, cored and chopped into 1/2-inch pieces

1 tbsp brown sugar

1 tsp cinnamon

½ tsp cardamom

¼ tsp cloves

4 eight oz. baking ramekins

Preheat oven to 350F. In a small bowl mix all ingredients for streusel topping by hand or with hand mixer.

In a medium bowl combine all apple filling ingredients and mix well. Add apple mixture to mason jars and pack down with ½ inch of streusel topping. Bake for 25-30 minutes until streusel topping is lightly browned. Serve warm or refrigerate.

Top with almond slivers or 2 tbsp chia.

### ***Zucchini noush***

*No protein - I love babaganoush, but like many of my clients, I am reactive to eggplant. Subbing zucchini was a natural idea with summer's bounty and thus zucchini-noush was born!*

¼ cup extra virgin olive oil

1 large white onion chopped fine (approx. 2 cups)

¼ cup cumin

1 tbsp. pink Himalayan sea salt  
 $\frac{1}{8}$  cup water  
5 large zucchinis chopped (approx. 10 cups)  
oil for baking sheet  
optional: 1 cup sunflower tahini

Add oil to a large skillet on medium heat and add onion, cumin and sea salt. Stir until spices are thoroughly mixed and then mix in water. Lower heat to lowest setting and let simmer for 30 minutes stirring often.

Add zucchini to the onion and mix well. Take zucchini/onion mixture and spread on a well-oiled baking sheet. Bake at 325F for 40 minutes.

Remove from zucchini from the oven and add to a medium mixing bowl. Mix well. The zucchini will break down to a chunky texture. Optional, add 1 cup sunflower tahini and mix well.

### ***Sunflower Tahini***

*24g for entire recipe or 5g per 2 tbsp*

1 cup sunflower seeds (24g protein)  
 $\frac{1}{4}$  cup extra virgin olive oil  
 $\frac{1}{4}$  cup water  
1 garlic clove, peeled  
2 tbsp. lemon juice  
dash sea salt  
optional: add more water for creamier tahini

Add all ingredients to a food processor and blend until smooth, about 3 minutes.  
Serve immediately, or store and refrigerate up to 5 days.

### ***Plan Caesar***

*24g protein for entire recipe or 3g per 1tbsp or 5g per 2tbsp*

2 cloves garlic, chopped  
 $\frac{1}{4}$  cup evoo  
4 oz goat cheese  
2 tbsp lemon juice  
2tsp fresh black pepper  
2 tbsp fresh dill or basil, optional

# The Plan

FOOD IS YOUR MEDICINE

Soak garlic cloves in evoo overnight. Add all ingredients to food processor with an S blade and blend until smooth. Add water as needed for lighter dressing.

## ***Chicken Kale Soup***

*10g protein per 16oz*

1 large white onion, chopped  
1/8th cup dried basil  
1/2 tsp pink Himalayan sea salt  
1 tsp black pepper  
1/2 tsp dried sage  
3 liters water  
1 tsp agave or honey  
2 lbs. carrots, chopped  
8 cups packed kale chopped  
2 chicken thighs with the bone

¼ cup lime juice to finish

Add all ingredients to a soup pot, bring to a boil and then let simmer for 45 minutes.

Take out chicken. Portion soup into 16oz containers. Then remove chicken from bone and shred. Add one ounce of shredded chicken to each 16 oz container of soup. This is low reactive and will not test like 2 animal proteins!

## ***Basil Escarole Soup***

*No protein*

1 large white onion, fine diced  
1/8th cup dried basil  
1/2 tsp pink Himalayan sea salt  
1 tsp black pepper  
1/4 cup evoo  
1-liter carrot essence or homemade chicken stock  
1-liter water  
1 tsp agave or honey  
2 lbs. carrots, chopped  
8 cups zucchini pasta or 8 cups chopped zucchini, small

2 heads escarole, chopped

In a large soup pot sauté onion and basil in evoo. Add sea salt and black pepper and let simmer for 20 minutes. Add liquids, carrots and zucchini and let simmer for 20 minutes.

Add chopped escarole and let simmer an additional 10 minutes. Top with lemon or lime juice.

### ***Vegetable Timbale***

*Makes 6 servings*

1 large zucchini  
1 red onion, peeled  
3 cups kale, deveined  
2 large carrots  
8 shiitake mushrooms  
4 to 5 oz goat cheese, crumbled  
2 oz Parmesan or Manchego, grated

Preheat oven to 400F degrees.

Use a mandolin to slice zucchini, onion, kale carrots, and mushrooms as thinly as you can. In an oiled 9-inch baking dish, create layers as for lasagna, layering vegetables and goat cheese in this order: Zucchini, onion, kale, goat cheese, carrots and shiitakes, then top with Parmesan or Manchego. Bake for 30 minutes, until cheese on top is slightly golden.
